water supplied by the MCD to the Vasant Vihar CPWD Complex, New Delhi in Feb., 1988 was 34,000 gallons per day. The average quantity of 62,000 gallons per day, mentioned in reply to Unstarred Question No. 500 on the 26th Feb., 1988, was in respect of the supply received from the MCD during January, 1988. Therefore, there is no discrepancy.

(c) Does not arise in view of the reply to (a) and (b) above.

(d) The MCD have sanctioned an additional water line to this area from the JNU side. Contract for laying this line has since been awarded.
